

24m²-48m² White Allergy Humidifier Air Purifier All In One VOCs ODM

Basic Information

- Place of Origin: Anhui
- Brand Name: ENVITEK
- Certification: ETL CB EMC LVD ERP ROHS
- Model Number: KJH400GE-N1
- Packaging Details: color box+master carton
- Delivery Time: 45Days

Product Specification

- Product Color: White Or Customization
- CADR Rate: 150m³/h
- Function: Fresh Healthy Air
- Voltage (V): 100-240V 50/60 Hz
- Color: White
- Area Coverage: 24-48m²
- Highlight: **ODM allergy humidifier air purifier, VOCs allergy humidifier air purifier, VOCs air humidifier and purifier all in one**

White Humidifier Air Purifier 2 In 1 Machine With Sleep Mode And Auto Mode

The product in question is a dual-function appliance that serves as both a humidifier and an air purifier. This innovative device is designed to enhance indoor air quality and maintain optimal humidity levels simultaneously, providing a healthier and more comfortable living environment.

As a humidifier, it works by adding moisture to the air, which is particularly beneficial in dry climates or during the winter months when indoor heating can lead to dry air. The humidifier component is equipped with a water tank that can be filled with tap water. It then uses an evaporative technology to disperse water vapor into the air, effectively increasing humidity levels and alleviating symptoms associated with dry air, such as dry skin, irritated sinuses, and static electricity.

On the other hand, as an air purifier, the device is capable of removing contaminants from the air, including dust, pollen, smoke, and other airborne particles. It typically features a multi-stage filtration system, which may include a pre-filter, a HEPA filter, and an activated carbon filter. The pre-filter captures larger particles, the HEPA filter traps microscopic particles as small as 0.3 microns with a high efficiency rate, and the activated carbon filter helps to eliminate odors and volatile organic compounds (VOCs).

It combines the benefits of a humidifier and an air purifier into a single, space-saving unit, offering a comprehensive approach to respiratory health and overall well-being.

Product Specification

Model	KJH400GE-N1
Sound Level	<=62dB(A)(Max)
DC Power	100-240V 50/60HZ 35W
CADR rate	88CFM (150m³/h)
Product size	Ø315*H633mm
Area coverage	28-48 m³

Product Features:

- It is an air purifier and a humidifier 2 in 1 machine
- Fog-free humidification will keep the air moist while the air purifier is working
- 3 in 1 HEPA-type filter, with carbon and nylon pre-filter • One Wick filter
- 4 speeds and sleep mode
- Auto mode - Air Quality Indicator by 3 colors
- UVC light plus Photocatalyst effectively eliminating bacteria, virus, odors • Digital display PM2.5 value
- Negative ions released
- 12 hours timer setting
- Filter changing reminder
- Wi-Fi control for option

Why Choose Us:

•Product development

Our Marketing Team continually evaluates Consumer needs and expectations and together with our Research Department look at ways to meet and exceed Consumer expectations in today's moving world of conveniences.

•Eye-Catching Design

Innovative Design Team, through Consultations and Customers, keeps abreast with trends in home appliances to be appealing to tomorrow's Consumers.

•Adequate verification

Reliability testing in normal use and abusive situations is exhaustively done during development and preproduction to insure the Consumer will enjoy a trouble free life for the product.

•Manufacturing capability

Longevity in a quality trained workforce assures capable processes delivers the best product to Name Brand Customers.

•Business Model

Envitek, being a world class manufacturer, thinks out of the box when it discusses and establishes OEM/OBM/ODM business relationships.
