Product Description

Fed up with dealing with food waste? Our Food Waste Composter offers a simple, effective solution.

In as little as 4 - 8 hours, it transforms kitchen scraps into high - quality fertilizer, giving new life to your garden. Its drying - grinding - cooling process is highly efficient, reducing waste volume by up to 90%. This not only saves space but also minimizes trips to the bin.

With a 4.5L large capacity, it's perfect for large families. Whether it's leftovers from a big dinner or daily food waste, this composter can handle it all.

Say goodbye to unpleasant odors. Equipped with a large activated carbon filter, our advanced odor control system keeps your kitchen fresh, outperforming many competitors.

The smart LCD display shows filter life, carbon emissions, and power consumption. You can easily monitor and manage these aspects, making your home more eco - friendly.

Operating the composter is easy. It comes with intelligent modes and can be controlled via an app, allowing you to manage food waste from anywhere in your home.

Thanks to the fermentation function, it turns waste into excellent compost. And the self - cleaning function means you don't have to worry about cleaning the machine.

Opt for our Food Waste Composter and simplify your kitchen waste management while contributing to a greener environment.
